GO GREEN IN 2018

The sustainable living family
Learn how your family can Go Green.

www.keepbritaintidy.org

The sustainable living family

Learn how your family can Go Green.

FREE sustainable living course

10.30am -12.30pm

10th February and 24th February 2018

We are excited to be hosting our first sustainable living workshop with guest facilitators from London Borough of Redbridge, CleanupUK and volunteers from Amey.

With the help of the facilitators you will create your own fun, inventive and practical ideas to:

- learn to grow your own even if you don't have a garden
- save money
- be a smarter consumer
- improve your health and wellbeing
- help save the planet and be more environmentally friendly

Join us to discover some clever ways to make our planet a greener and better place.

Be inspired and motivated to make a Go Green pledge. At least one simple change in your everyday life to save water or energy, cut waste or live more healthily will make a positive difference to you and your community.

Community celebration event on 3rd March 2018

You will also have the opportunity to take part in an optional litter pick with local residents organised by Amey to support the National Great British Spring Clean Campaign. The meeting point will be at Redbridge Institute. Please wear weather appropriate clothing.

Please note, places are limited so book early to be sure of a place, children must be accompanied by an adult at all times, maximum of two children per adult, activities are suitable for 3 year olds and above.
